

Northern Hemisphere		Month	Southern Hemisphere	
Astronomical	Meteorological		Meteorological	Astronomical
Winter	Winter	January	Summer	Summer
Winter	Winter	February	Summer	Summer
Winter	Spring	March	Autumn	Summer
Spring	Spring	April	Autumn	Autumn
Spring	Spring	May	Autumn	Autumn
Spring	Summer	June	Winter	Autumn
Summer	Summer	July	Winter	Winter
Summer	Summer	August	Winter	Winter
Summer	Autumn	September	Spring	Winter
Autumn	Autumn	October	Spring	Spring
Autumn	Autumn	November	Spring	Spring
Autumn	Winter	December	Summer	Spring

Astronomical seasons change at the equinoxes and the solstices.

Meteorological seasons are grouped by months (and used by gardeners)
